### **Description**

The show was on ABC between 8-10pm on Sunday 8/16/15. In the show 2 characters, Joe and Samantha were in the hot tub together. It was clear they were having sex on national television in the hot tub. Joe put his head back and moaned as if he was having an orgasm, while Samantha just smiled and continued to suggestively hump him. It was very explicit and TOTALLY inappropriate as they were not kissing or talking, but Joe's expressions made it VERY obvious of what was happening beneath the cover of water. TOTALLY GROSS and not something I want to see on national TV, let alone while my 6 yr old is still awake!!
